

COLORADO GROUSE

APRIL 1-11, 2022

© 2021

Five species of lekking grouse inhabit the prairies and northern valleys of North America—the Greater and Gunnison sage-grouse, the Sharp-tailed Grouse, and the Greater and Lesser prairie-chickens. All are noted for their spectacular mating displays, and all can be exceedingly difficult to find away from their “leks” or display grounds. This tour will focus on observing these birds and their mating rituals. From the sandhills of western Kansas to the high sagebrush parklands of the northern part of Colorado, we’ll be spectators at some of the most fascinating displays in the bird world, such as the “booming” of the prairie-chickens, the wild dance of the Sharp-tails, and the strutting of the huge sage-grouse. We also seek out more secretive denizens of Colorado, the Dusky Grouse and White-tailed Ptarmigan, but these birds are always a challenge and have been missed.

There are more birds to see in Colorado at this season than grouse. Possibilities will include Golden Eagle; Ferruginous, Rough-legged and Swainson’s hawks; Prairie Falcon; Scaled Quail; Sandhill Crane; Mountain Plover; Lewis’s Woodpecker; Mountain Bluebird; Chestnut-collared and McCown’s longspurs; as well as a host of waterfowl, shorebirds, and prairie and montane specialties. Mammal viewing should also be excellent, and the scenery will be breathtaking. Although the tour will require considerable daytime driving, we’ll make frequent stops.

April 1, Day 1: Arrival in Denver. Participants should make arrangements to arrive today and take the complimentary shuttle to our hotel where a room will be reserved in your name.

NIGHT: Courtyard Denver Airport, Denver

April 2, Day 2: Depart Denver; Birding Loveland Pass and Silverthorne; Drive to Gunnison. This morning we will meet in the hotel lobby at 6:00 a.m. to depart for the west side of town where we will have breakfast. We will then head into the mountains for our first attempt to see the White-tailed Ptarmigan at Loveland Pass at 12,000 feet. Nearby in Silverthorne we will hunt Rosy-Finches and other high elevation birds before heading southwest to Gunnison.

White-tailed Ptarmigan © Brian Gibbons

Note: Gunnison is at 7,700 feet. Staying hydrated is key to avoiding altitude sickness and headaches. Gunnison Sage-Grouse is a declining species and the only public lek has dispersed over the years. In 2018 we missed this grouse due to their dwindling numbers and inclement weather; we could have a second chance the following morning if necessary.

NIGHT: Holiday Inn Express, Gunnison

April 3, Day 3: Gunnison Area; Drive to Montrose. A pre-dawn start will take us to the first of our five grouse leks, this one for the recently described and declining Gunnison Sage-Grouse. With its strange filoplume crest, more prominently banded tail, smaller size than the Greater Sage-Grouse, and tiny range (basically restricted to southwestern Colorado), this new species has instantly become one of the most endangered birds of North America. Though this lek is not close, we should have scope views of the Gunnison Sage-Grouse in their outrageous display. After the morning display by the sage-grouse, we will bird into the mountains

surrounding the Gunnison Valley. Some of our targets will be rosy-finches, grosbeaks, American Three-toed Woodpecker and Gray Jay. In the afternoon we will make the short drive over to Montrose to position ourselves for an early morning visit to the Black Canyon of the Gunnison National Park in hopes of tracking down a Dusky Grouse displaying along the road. Note: Viewing the Gunnison Sage-Grouse will be from a blind and we will be inside from around 5:00 a.m. until the grouse leave (sometimes not until after 8:00 a.m.)

NIGHT: Hampton Inn, Montrose

April 4, Day 4: Montrose to Grand Junction. The spectacular Black Canyon of the Gunnison will be a wonderful backdrop as we survey this little-known national park for the hulking Dusky Grouse along the roads, in the campgrounds, and scenic overlooks. We will then bird our way up to Grand Junction while taking in the scenic splendor of the arid canyonlands. Lewis's Woodpeckers may be flycatching from ancient gnarly cottonwoods along the way.

NIGHT: Holiday Inn Express and Suites, Grand Junction

April 5, Day 5: Grand Junction to Steamboat Springs. In the morning we will explore the red rock canyonlands of Colorado National Monument searching for Pinyon Jays, Juniper Titmouse and Black-throated Sparrows among the junipers and pinyon pines of this beautiful, stark landscape.

Brown-capped Rosy-Finch © Brian Gibbons

While challenging to find on a single morning, we will also be in the realm of the introduced Chukar. Perhaps we'll have some luck with this grouse.

NIGHT: Holiday Inn, Steamboat Springs

April 6, Day 6: Steamboat Springs to Walden. Another early morning will have us searching traditional leks for Sharp-tailed Grouse. Although smaller and less physically imposing, they have the most arresting dance. With tails held high, wings bowed out to the sides, and feet propelling them in circles, they resemble wind-up toys run amok. Imitated by the Plains Indians, this dance is an integral part of spring on the northern prairies. In the rolling grasslands nearby, Sandhill Cranes and Western Meadowlarks enliven the scene. Along the way to Walden we will search a few spruce forest areas for American Three-toed Woodpecker, Pine Grosbeak and Clark's Nutcrackers before continuing towards Walden. After crossing Rabbit Ears Pass, we'll descend into North Park, a region of sweeping vistas where snow-covered mountains provide a backdrop for marshy meadows and mint-green sagebrush hills. Sage Thrashers dart between shrubs; Mountain Bluebirds add dazzling touches of color to the landscape; and in some years, roadside snowbanks or local feeders may hold lingering rosy-finches. Raptors (particularly Golden Eagle, Rough-legged and Swainson's hawks, but also an occasional Prairie Falcon) should be quite evident. Mammal possibilities for the day include Moose, Pronghorn, Mule Deer, and White-tailed Prairie Dog.

Greater Sage-Grouse display © Brian Gibbons

NIGHT: North Park Inn and Suites, Walden

April 7, Day 7: Walden to Fort Collins. Today we will travel from Walden to Fort Collins, but only after we have watched, from point blank range, the spectacular Greater Sage-Grouse on their lek. We will also spend time searching through the piles of birds at Walden Reservoir; fifteen species of ducks are possible. The grebes, shorebirds and local Bald Eagles will keep us busy for a couple of hours. We'll spend any available time searching for other birds in the foothills, including various raptors, Sandhill Cranes, Green-tailed and Spotted towhees, and Vesper Sparrows. Cameron Pass will afford a final chance for any boreal forest birds we've not tracked down yet.

Pine Grosbeak, Cassin's Finch, Gray Jay, and American Three-toed Woodpeckers are all possibilities if we have good weather. As we descend Poudre Canyon towards Fort Collins, we will encounter stunning scenery along the Poudre River, where dippers roam and Common Mergansers nest.

NIGHT: Hilton Garden Inn, Fort Collins

April 8, Day 8: Fort Collins to Wray. We will enjoy one of our later starts this morning before we head east to the Pawnee National Grassland, where Ferruginous and Swainson's hawks abound. With some searching, our chances are excellent for finding Mountain Plover as well as Chestnut-collared and McCown's longspurs, all in high breeding plumage. The rolling plains of shortgrass prairie with its tiny prickly pear cactus will contrast with the rugged mountains we've just departed.

NIGHT: Cobblestone Inn and Suites, Wray

April 9, Day 9: Wray to Scott City, Kansas. We will hear the Greater Prairie-Chickens before we can see them. On cue the males start cooing in unison; whoops, cackles, and foot stomping ensue. With the morning sun, the golden-orange air sacs of the males' glow with a lavender rim. With pinnae erect, the males display for any females that may wander through the lek. After this spectacular morning show we will head southeast, birding our way into Kansas for our second prairie-chicken, the Lesser.

NIGHT: Best Western El Quartejejo Inn and Suites, Scott City

Greater Prairie-Chicken in display © Brian Gibbons

April 10, Day 10: Scott City to Denver. Our final early morning will find us on a Lesser Prairie-chicken lek. While they look similar when not displaying, the calls are different. More gurgling pops and the smaller brick red air sacs distinguish the Lesser from the Greater. After this last dance we will make our way back to Denver, searching along the way for any missing prairie birds like Mountain Plover, Burrowing Owl, and longspurs. We will have our final group dinner and checklist session at the hotel.

NIGHT: Courtyard Denver Airport, Denver

April 11, Day 11: Departure for Home. Participants may make arrangements to leave Denver anytime today.

TOUR LEADERS: Brian Gibbons and Erik Bruhnke

Brian Gibbons grew up in suburban Dallas where he began exploring the wild world in local creeks and parks. Chasing butterflies and any animal that was unfortunate enough to cross paths with the Gibbons boys occupied his childhood. A wooden bird feeder kit sparked a flame that was stoked by a gift of the *Golden Guide* and family camping trips to Texas state parks. Thirty years ago Brian attended two VENT camps for young birders. Birds are now his primary interest, but all things wild continue to captivate him. After college, Brian undertook a variety of field biology research jobs that have taken him to the Caribbean, the Bering Sea, and the land of the midnight sun, arctic Alaska. He enjoys working with kids, hoping to spark environmental awareness through birds. For many years Brian's field research has involved bird banding. His most amazing recoveries were a female Wilson's Warbler that had been banded in Alaska and was captured by Brian in Colorado, and a Sooty Tern that perished after a hurricane on the Texas coast; it had plied the Gulf of Mexico and the oceans of the world for 24 years. Brian's recreational bird-seeking has taken him to Machu Picchu in Peru, the Great Wall in China, the plains of East Africa, and the Himalayas in Nepal. Brian leads birding trips in the United States, Central America, the Caribbean, South Africa, and Europe. As well as being a fanatical birder, he loves capturing birds with photography. He lives in Tucson, Arizona with his wife, Lacreia Johnson, and their son, Grayson.

Erik Bruhnke has loved birds since he was a child looking at chickadees. In 2008 he graduated from Northland College in Wisconsin with a Natural Resources degree. Erik taught field ornithology at Northland College for three semesters. Between 2009 and 2014, he spent his summers conducting field research focused on breeding bird transects in Upper Michigan, point counts for a breeding bird atlas in Minnesota and Wisconsin's Northwoods, vegetation and breeding bird surveys throughout wind farms in North Dakota's prairie potholes, and cavity-nesting surveys in the Cascade Mountains of Oregon. A devoted raptor nerd, he is drawn to hawkwatches. He worked as an interpreter for six seasons at Hawk Ridge Bird Observatory in Duluth, Minnesota; counted migrating raptors at the Corpus Christi HawkWatch in Texas in 2015; and was the 2016, 2017, and 2018 hawk counter at the Cape May Hawkwatch in New Jersey. Erik's wildlife photography has won national awards, and he's written for the American Birding Association's *Birder's Guide*, *BirdWatching* magazine, and *Bird Watcher's Digest*. When not leading birding tours, Erik often leads field trips and speaks at birding festivals. He also enjoys hiking, kayaking, cross-country skiing, and just being out in the snow. In his free time he loves to cook and bake.

TOUR SIZE: This tour will be limited to 14 participants.

FINANCIAL ARRANGEMENTS: The fee for the tour is **\$3,995** per person in double occupancy from Denver. This includes all meals from breakfast on Day 2 to dinner on Day 10, accommodations as stated in the itinerary, ground transportation during the tour, and guide services provided by the tour leaders. It does not include airfare between your home and Denver, airport departure taxes, alcoholic beverages, special gratuities, phone calls, laundry, or items of a personal nature.

The single supplement for this tour is **\$700**.

REGISTRATION & DEPOSIT: To register for this tour, please contact the VENT office. The deposit for this tour is **\$500** per person. If you would like to pay your deposit using a credit card, the deposit must be made with MasterCard or Visa at the time of registration. If you would like to pay your deposit by check, money order, or bank transfer, your tour space will be held for 10 days to allow time for the VENT office to receive your deposit and completed registration form. The VENT registration form (available from the VENT office or by download at <https://www.ventbird.com>) should be completed, signed, and returned to the VENT office.

PAYMENTS: All tour payments may be made by credit card (MasterCard or Visa), check, money order, or bank transfer (contact the VENT office for bank transfer information). These include initial deposits, second deposits, interim payments, final balances, special arrangements, etc. Full payment of the tour fee is due 150 days prior to the tour departure date (November 2, 2021).

CANCELLATION & REFUNDS:

Cancellation by Participant:

Refunds, if any, for any cancellation by a participant are made according to the following schedule: If participant cancels 180 days or more before the tour departure date, a cancellation fee of **\$250** per person will be charged unless the deposit is transferred to a new registration for another VENT tour that will operate within the next 12 months, in which case the cancellation fee will be **\$100** per person. If cancellation is made between 179 and 151 days before departure date, the deposit is not refundable, but any payments covering the balance of the tour fee will be refunded. If cancellation is made fewer than 150 days before departure date, no refund is available. This policy and fee schedule also applies to pre- and post-tour extensions. **For participants' protection, we strongly recommend the purchase of travel insurance that covers trip cancellation/interruption.**

If participant cancels:

180 days or more before departure date

179 to 151 days before departure date

150 days or less before departure date

Participant's refund will be:

Participant's deposit minus \$250*

No refund of the deposit, but any payments on the balance of the tour fee will be refunded

No refund available

*Unless the deposit is transferred to a new registration for another VENT tour that will operate within the next 12 months, in which case the cancellation fee will be \$100 per person. To qualify, cancellation must occur 180 days or more before departure date; deposit transfers must be made at the time of cancellation; and one transfer per deposit.

Cancellation by VENT:

If VENT cancels a tour prior to departure without cause or good reason, VENT will provide the participant a full refund, which will constitute full settlement to the participant.

If VENT cancels or delays a tour or any portion of a tour as a result of any Force Majeure event, VENT will use its reasonable best efforts to refund any payments on the balance of the tour fee to participant; provided that, VENT will have no obligation to provide a participant with a refund and will not be liable or responsible to a participant, nor be deemed to have defaulted under or breached any applicable agreement, for any failure or delay in fulfilling or performing any term of such agreement. A "**Force Majeure**" event means any act beyond VENT's control, including, without limitation, the following: (a) acts of God; (b) flood, fire, earthquake, hurricane, epidemic, pandemic or explosion; (c) war, invasion, hostilities (whether war is declared or not), terrorist threats or acts, riot or other civil unrest; (d) government order, law or actions; (e) embargoes or blockades; (f) national or regional emergency; (g) strikes, labor stoppages, labor slowdowns or other industrial disturbances; (h) shortage of adequate power or transportation facilities; and (i) any other similar events or circumstances beyond the control of VENT.

This VENT Cancellation & Refunds policy does not apply to air tickets purchased through VENT or to any special arrangements, such as additional hotel nights, that fall outside of the services described in the tour itinerary.

Victor Emanuel Nature Tours is not a participant in the California Travel Consumer Restitution Fund. California law requires certain sellers of travel to have a trust account or bond. This business has a bond issued by Travelers in the amount of \$50,000. CST #2014998-50.

TRAVEL INSURANCE: To safeguard against losses due to illness, accident, or other unforeseen circumstances, we strongly recommend the purchase of travel insurance as soon as possible after making a deposit. VENT has partnered with Redpoint Travel Protection as our preferred travel insurance provider. Through Redpoint, we recommend their **Ripcord** plan. Designed for all types of travelers, Ripcord is among the most comprehensive travel protection programs available.

Critical benefits of Ripcord include a completely integrated program with a single contact for emergency services, travel assistance, and insurance claims; **medical evacuation and rescue services** from your point of injury or illness to your **hospital of choice**; comprehensive travel insurance for **trip cancellation/interruption**, primary medical expense coverage, and much more. Optional expanded insurance coverage is available and includes items such as security evacuation coverage in case of a natural disaster or other security events, **waiver for pre-existing medical conditions exclusion**, and a “Cancel for Any Reason” benefit. Ripcord is available to U.S. and non-U.S. residents.*

For a price quote, or to purchase travel insurance, please visit: ripcordtravelprotection.com/ventbird; or click the **Ripcord** logo on our website (click Help and Trip Insurance); or call +1-415-481-0600. Pricing is based on age, trip cost, trip length, and level of coverage.

*To be eligible for the pre-existing medical condition exclusion waiver and the optional Cancel for Any Reason (CFAR) upgrade, you must purchase your policy within 14 days of making your tour deposit. The CFAR benefit provides reimbursement for 75% of covered costs, and increases the policy premium by approximately 50%. Policies may be purchased either for the full value of the tour fee at the time of deposit or in segments as individual tour payments are made (deposit, mid-payment, final balance, additional arrangements, etc.). The “pay as you go” approach reduces up-front expense and ensures that the amount paid toward your full policy premium is in proportion to the amount paid toward the full tour fee. If you choose to “pay as you go,” you must cover each deposit or payment within 14 days in order to maintain the CFAR benefit. Please refer to the policy for a full description of coverage.

Coronavirus (COVID-19):

The coronavirus pandemic has brought uncertainty for many people currently holding travel insurance policies or who are considering future travel and purchasing such insurance. Redpoint has added a **Coronavirus FAQ page** to its website that addresses questions and concerns regarding its travel insurance and the impact of COVID-19. We strongly recommend that you visit the page for an overview of topics such as policy coverage and limitations, policy modifications, cancellation, refunds, and more. Among the most important points: 1) Trip cancellation solely for concern or fear of travel associated with COVID-19 is not covered; 2) Should you request cancellation of your policy, a full refund of your premium is available only under a limited set of conditions; and 3) Should you request cancellation, you may be eligible to receive a pro-rated refund of the unused portion of your premium or a travel insurance credit. Travel insurance credit (“Premium Credit”) is for the value of the policy purchased and may be applied to future policies. Premium Credits have no expiration dates. Rules and regulations apply.

Please visit the **Coronavirus FAQ** page at the following link: https://redpointtravelprotection.com/covid_19_faq/

Additionally, as countries begin opening up for travel, many are instituting an array of COVID-19 entry requirements, including mandates to purchase travel insurance covering medical expenses due to COVID-19 illness and accommodation in case of quarantine. Ripcord’s comprehensive travel insurance plans are designed to

satisfy the various country-specific travel insurance entry requirements. Those who purchase a Ripcord policy will receive a “letter of confirmation” that affirms that the policy satisfies such requirements.

NOTE: Victor Emanuel Nature Tours is an equal opportunity service provider and authorized permittee of the Pawnee National Grassland, Colorado National Monument and Black Canyon of the Gunnison National Park.

FUEL AND FUEL SURCHARGES: In the uncertain, often volatile oil market of late, it is difficult – if not impossible – to predict fuel costs over the long term, and more specifically, at the time of operation of this departure. Our prices are based upon the prevailing fuel rates at the time of itinerary publication. While we will do everything possible to maintain our prices, if the fuel rates increase significantly, it may be necessary to institute a fuel surcharge.

AIR INFORMATION: Victor Emanuel Travel is a full-service travel agency and wholly owned subsidiary of Victor Emanuel Nature Tours (VENT). Victor Emanuel Travel will be happy to make any domestic or international air travel arrangements from your home and return. Please feel free to call the VENT office to confirm your air arrangements.

INTERNET AVAILABILITY: Wi-Fi is offered at all hotels on this tour.

BAGGAGE: As space in the vehicles is limited, please restrict your luggage to one medium-sized bag and one carry-on bag.

CLIMATE: Temperatures will range from very warm in the lowland prairies to very cold in the mountains. Daytime highs in the plains could reach the mid-80s, while nighttime lows in the mountains may dip below 20°F. Temperatures ranging from the low 30s to mid-60s would be closer to the norm. Spring snow storms are not uncommon in Colorado in April, so be prepared. Note that several nights are spent in towns near 7,000 feet and above (Gunnison 7,700 feet, Walden 8,100 feet and Steamboat Springs 6,800 feet). We will drive over mountain passes exceeding 10,000 feet on three days and some birding at these elevations will take place. Loveland Pass for White-tailed Ptarmigan is at 12,000 feet.

CLOTHING: We suggest lightweight field clothing, a warm jacket (possibly down), thermal underwear, hat, and gloves. You should bring a comfortable pair of walking shoes or hiking boots and a second pair of light shoes. Dress will be casual throughout. Sitting in vans on the leks in pre-dawn darkness can at times be chilly, so be prepared with layers of warm clothing. Small disposable chemical hand warmer packs have been widely employed on the frigid mornings.

EQUIPMENT: Pack a pair of binoculars in good condition, along with a belt pack or day pack (good for carrying books, sunscreen, camera, etc.). As a precaution, it is a good idea to pack your binoculars, a change of clothing, toiletry items, medications, and travel documents in your airline carry-on bag. Your leaders will have a spotting scope; but if you have one and wish to bring it, please feel free to do so. Other items should include an alarm clock, as well as a good flashlight or headlamp with extra batteries.

HEALTH: VENT follows Centers for Disease Control and Prevention (CDC) recommendations for standard travel precautions, which includes vaccination against a variety of preventable diseases. Among these so-called Routine Vaccinations are measles/mumps/rubella (MMR) vaccine, diphtheria/pertussis/tetanus (DPT) vaccine, poliovirus vaccine (boosters for adult travelers), and Varicella (Chickenpox). You should also be up-to-date with Hepatitis A and Hepatitis B vaccinations.

If you are taking personal medication, prescription or over-the-counter, be sure to bring an ample supply that will allow you to get through the tour safely. Please consult your physician as necessary. Remember to pack all medication in your carry-on baggage, preferably in original containers or packaging. As airline baggage restrictions can change without warning, please check with your airline for procedures for packing medication.

COVID-19: The world has been in the grip of a pandemic since early 2020, a result of the uncontrolled spread of SARS-CoV-2, the novel coronavirus that causes the illness COVID-19. COVID-19 is transmitted through person-to-person contact, almost always through inhaling respiratory aerosols or droplets exuded from an infected person. Common signs of COVID-19 illness include fever or chills, fatigue, shortness of breath, cough, loss of taste or smell, and more. Based on what is known about the disease, COVID-19 is far more serious than seasonal flu. Few places in the world have been unaffected. The impact on travel has been substantial, as demonstrated by the fact that VENT did not operate a tour between late March 2020 and late April 2021. The development and deployment of COVID-19 vaccines, particularly in the United States, has allowed VENT to return to tour operations. We emphasize that our number one priority is the health and safety of our customers and employees. **With this in mind, VENT instituted a COVID-19 vaccination requirement.** All tour participants and tour leaders must be fully vaccinated in order to travel with us while we are still in a declared public health emergency. In accordance with the latest guidance from the Centers for Disease Control and Prevention (CDC), full vaccination is defined as an individual being 14 days beyond having received the required amount of vaccine for reaching full immunity to the degree specific vaccines confer. In the United States, so far, this means either the two-shot sequence for the Moderna or Pfizer vaccines or the one-shot Johnson & Johnson vaccine. Proof of vaccination must be provided to our office at least one week before the start of the tour and kept with you while on the tour. Because the world is a very different place than it was before the pandemic, we've made a number of important adjustments to our processes to ensure that our tours can operate as safely as possible. Please visit the **Coronavirus Travel Update** page of our website <https://ventbird.com/covid-19>, where you may view our **COVID-19 Protocols for VENT Tours** document, which details the guidance VENT will follow in the operation of its tours in the time of pandemic. Our decision and policy are firmly rooted in the latest CDC guidance regarding recommendations for avoiding COVID-19. As we move forward, VENT will continue to follow the latest information from the CDC and will update our policy accordingly. Please visit the CDC website for the most up to date information about COVID-19 and associated guidance for proper health and hygiene: <https://www.cdc.gov/coronavirus/2019-nCoV/index.html>.

In addition to your physician, a good source of general health information for travelers is the U.S. Centers for Disease Control and Prevention (CDC) in Atlanta, which operates a 24-hour recorded Travelers' Information Line (800) CDC-INFO (800-232-4636). You can check the CDC website at <https://wwwnc.cdc.gov/travel>. Canadian citizens should check the website of the Public Health Agency of Canada: www.canada.ca/en/public-health.html (click on Travel Health).

SUGGESTED READING: A number of traditional booksellers and online stores list excellent inventories of field guides and other natural history resources that will help prepare you for this tour. We recommend www.amazon.com which has a wide selection; www.buteobooks.com and www.nhbs.com which specialize in ornithology and natural history books; and www.abebooks.com for out-of-print and hard-to-find titles.

TIPPING: Tipping (restaurant staff, porters, drivers, local guides) is included on VENT tours. However, if you feel one or both of your VENT leaders or any local guides have given you exceptional service, it is entirely appropriate to tip. We emphasize that tips are not expected and are entirely optional. Tips should be given directly to your tour leader; they should not be sent to the VENT office.

RESPONSIBILITY STATEMENT: Victor Emanuel Nature Tours, Inc., a Texas corporation, and/or its agents (together, “**VENT**”) act only as agents for the participant in regard to travel, whether by railroad, motorcar, motorcoach, boat, or airplane and assume no liability for injury, damage, loss, accident, delay, or irregularity which may be occasioned either by reason of defect in any vehicle or for any reason whatsoever, or through the acts or default of any company or person engaged in conveying the participant or in carrying out the arrangements of the tour. VENT accepts no responsibility for losses or additional expenses due to delay or changes in airfare or other services, sickness, weather, strike, war, quarantine, terrorism, or other causes. All such losses or expenses will be borne by the participant, as tour rates only provide for arrangements for the time stated.

VENT reserves the right (i) to substitute hotels of similar category, or the best reasonable substitution available under the circumstances, for those indicated and (ii) to make any changes in the itinerary that are deemed necessary by VENT or which are caused by third party transportation schedules (i.e. railroad, motorcar, motorcoach, boat, airplane, etc.).

VENT reserves the right to substitute leaders or guides on any tour. Where VENT, in its sole discretion, determines such substitution is necessary, it will notify tour participants.

VENT reserves the right to cancel any tour prior to departure with or without cause or good reason. See the VENT Cancellation & Refunds policy set forth above.

Tour prices are based on tariffs and exchange rates in effect on June 23, 2021, and are subject to adjustment in the event of any change thereto.

VENT reserves the right to decline any participant's Registration Form and/or refuse to allow any participant to participate in a tour as VENT deems reasonably necessary, in its sole discretion. VENT also reserves the right to remove any tour participant from any portion of a tour as VENT deems necessary, in its sole discretion, reasons for such removal include but are not limited to, medical needs, injury, illness, inability to meet physical demands of a tour, personality conflict or situations in which such removal is otherwise in the best interest of the tour, the tour group and/or such participant. A participant may also voluntarily depart from a tour. If a participant is removed from a tour or voluntarily departs from a tour, such participant will be responsible for any expenses associated with such removal or departure, including but not limited to, transportation, lodging, airfare and meals, and VENT will have no obligation to refund or reimburse any such removed or departed participant for any tour payments or deposits previously paid by such participant.

Baggage is carried at the participant's risk entirely. No airline company, its employees, agents and/or affiliates (the "**Airline**") is to be held responsible for any act, omission, or event during the time participants are not on board the Airline's aircraft. The participant ticket in use by any Airline, when issued, will constitute the sole contract between the Airline and the purchaser of the tickets and/or the participant. The services of any I.A.T.A.N. carrier may be used for VENT tours, and transportation within the United States may be provided by any member carrier of the Airlines Reporting Corporation.
